

## **SunLine Transit Agency Provides Free Rides on its Fixed Route Network as Part of the 2022 California Clean Air Day on October 5th**

SunLine Transit Agency is participating in the 2022 California Clean Air Day by offering free rides on its fixed route bus network on October 5, 2022.

California Clean Air Day is built on the idea that shared experiences unite people to action to improve our community health. By joining together for a unified day of action we can create new habits to clear the air for all members of California's diverse communities.

As a project of the Coalition for Clean Air, the California Clean Air Day encourages individuals and organizations to commit to taking the Clean Air Day Pledge.

SunLine has long been committed to clean air initiatives, and this special opportunity to ride buses within its clean fuels fleet allows others in the community to take the Clean Air Day Pledge, as well. It's also a great way to 'try transit.'

For more information on California Clean Air Day, go to [CleanAirDay.org](https://CleanAirDay.org). To learn about SunLine Transit Agency and its decades-long commitment to zero emissions transportation, go to [SunLine.org](https://SunLine.org).
